# BUNKERING SERVICE

HGS provides the bunkering services in association with one of top oil refinery companies in Korea, Hyundai Oilbank, to supply qualified fuel oil for ships in the most sustainable and economical way.

We have been supplying fuel oil to newbuilding vessels and offshore projects such as drillship and FPSO with our experienced barge team and extended our business to all vessels making port calls to South Korea. Now we expand our business globally and build long-lasting relationships with our clients.

### **WHAT WE SUPPLY**

We guarantee our premium product complies with ISO 8217:2010 specification as well as MARPOL Annex VI requirements. Responding to the IMO 2020 Sulphur regulations proactively, we provide optimized bunker solution with qualified product lineup. As a member of the leading shipbuilding Group, we are continuing our best effort to find the most eco-friendly and economic way to power ships.

### **OVERSEAS MARKET**

We have not only advanced our business in the country but also expanded our bunkering business to Singapore, and are taking a leap into becoming a global bunker trading company.

In Singapore, we work in partnership with Hyundai Oilbank as our supplier for DMA MGO max. 0.1% Sulphur (LSMGO). Leveraging on our capabilities and an experienced marine fuel team, we ensure our cost-effective operations in the safest possible manner, 24 hours a day, all year round.
